I see you everywhere, I see your eyes, touch your hair  
You took me on a highway to the stars and left me  
halfway there

I hold you in my dreams, your tender kiss is never what  
it seems  
'Cos when I wake up in the morning sun, I look but  
you're not there

I cannot believe this has happened to me  
It's been heaven in your arms  
You gave me so much with an angel's touch  
And then you took my heart

I see you in the street and people turning at my running  
feet  
But when I get up close, a stranger's eyes are looking  
back at me

Oh, I cannot believe this has happened to me  
It's like heaven for one day  
You left me like this with an angel's kiss  
And then you flew away

I see you everywhere, I see your eyes, touch your hair  
I'm gonna take that highway to the stars and I will find  
you there

I see you everywhere, I see you everywhere  
I see you everywhere, I see you everywhere,  
everywhere

And when I'm looking for you, I'm gonna find you  
And when I find you I am, I'm gonna hold you  
And when I hold you I am, I'm gonna love you  
And when I love you it will, it will be forever

Everywhere  
Everywhere  
Everywhere  
Everywhere

Everywhere  
Everywhere  
Everywhere  
Everywhere
