My lord is by me, I do not fear  
What can Christ do to me...  
I'm one with all evil and dark  
I'm one with the truth I must see through in you

Waiting for glory, nothing at my side  
Lusting for power, to strengthen my pride  
Tranquility reigns, walking on broken glass  
Feeling nothing, the only thing gripping is my misery

Unsatisfied, life of emptiness  
Nothing to gain, I never asked to be born  
Inhuman, is what I will be as soon as I have drained  
myself of blood

I am dead my journey begins  
I'm not afraid, darkness will be at my side  
Questions about death, to be answered  
Who did I live for and where is the realm?

Throne of stone, eyes of lust,  
Blood of stone  
The mistress of sacrifice

I'm not following the traces of blood  
I'm not afraid darkness is by my side  
Forever hidden from the sun  
The treasures shall be guarded by a king

Come to me, my dear  
Take my love, don't fear  
Immortal I am, The mistress of sacrifice

She is the gate between life and death  
She is the power of life  
'Cause when you die  
She'll give you life here after

She's got eyes like the starfilled sky  
(She said) come to me I'll give you immortality  
Her voice caressed me like the wind in the trees  
She is mine, I am hers to give

I am now sitting at her side  
As a king I'm guarding the fucking treasures (of life)  
My body dies and my mind gazes  
My throne is beside the mistress of sacrifice

Come to me, my dear  
Take my love, don't fear  
Immortal I am, The mistress of sacrifice

She is the gate between life and death  
She is the power of life
