Cutting through the flesh, shifting through the innards  
Pulling out insides, ground soaking with vomitus mass

Insane cutting of the mutilated  
Deformed purulent human corpse  
Disgustingly malformed  
Defiled flesh and blood  
Rotting human relics

Rotting

In sickening lust, skullfucking female remains  
Morbid fornicate, bloodsoaked oral ecstasy

Sodomy

Lacerate the skin, consume the meat  
Abolishing skeleton, glorifying trophy
