It breaks the silence
When you turn around
When the light shines your face
The more I'm becoming
The last one who's falling
And I've been waiting for your love

As we ignite for the fire grows
The wind can never blow
In your words in my ears rhymes

Over and over, I'll love you so tender
Wrapped on your arms while staring at your eyes
And I'll be over, when you are under
I want you to hold my hands and take this chance as
free

Like a dream that build it's fantasies
Alive, seems I'll be giving more tonight
'Cause with your love
I'm invincible
That I will never slow

Over and over
I'll love you so tender
Wrapped on your arms while staring at your eyes
And I'll be over, when you are under
Driving our souls as one and share ourselves

Over and over
I'll love you so tender
I want you to hold my hands and take this chance as
free

In your words on my ears rhymes...
