I'll paint all the world for you baby  
I'll paint all the world for you,  
I'll paint all the world for you baby  
For you,  
I wish you saw the bigger picture

[Hook]

I wish you saw the bigger picture  
If I make it, I'll come back to get you  
It's clear as day but you don't see the vision  
I wish you saw the bigger picture  
What we got is on some patience  
Cause this ain't no finger painting  
I wish you saw the bigger picture  
Beautiful and modern all the same  
But what's a photo if it's out of frame  
I wish you saw the bigger picture  
I pray you see the bigger picture

I call your phone, you don't pick up, you text me  
Too late to come back, you say my heart ain't even  
have the way you used to love  
The colors that I chose to compose  
My last masterpiece wasn't worth the cover of a book  
I listen as you ran on by  
When reason ...goes there, I used to show you what's  
so pure at heart  
Now all the picture that I draw lately,  
Perfect my need to be basic  
And all the shame tears your world apart  
Hallic I promise, you say it's scribble and scratch  
I know you don't mean it, cause on your walt ...said  
It's not my bit to agree but I did what I could  
With these sticks and these stones to get us out of the  
woods  
I found my rhythm and my stroke, then you fall in love  
with my art  
Like you did before, on that note I let go  
Intend to my canvas to pain a mirror of us  
I hope that you understand it, the bigger picture

[Hook]

I wish you saw the bigger picture  
If I make it, I'll come back to get you  
It's clear as day but you don't see the vision  
I wish you saw the bigger picture  
What we got is on some patience  
Cause this ain't no finger painting  
I wish you saw the bigger picture  
Beautiful and modern all the same  
But what's a photo if it's out of frame  
I wish you saw the bigger picture  
I'll paint all the world for you,  
I pray you see the bigger picture

Back to my roots, chanel my youth  
You love the color of yellow, but I'm working with blue  
Like what's the use of doing art,  
If I ain't breaking the rules  
My grafitti wasn't bangsy but you thought it was cool  
It used to be fun to watch me do what it do  
But when the pain started drying, I stopped running to  
you  
And started walking away, cause I could paint anyway  
When I was being complete, I'm sorry I made you wait  
To get a crime and some space  
I thought you'd be a great painter  
Cause you could see the good in me in all the angles  
Already a child we could have had  
And those clowns in your past you paint just make it  
laugh  
All because, that still portrait that I've put on display  
Should have been of us  
I left you out and I was wrong  
I promise I'll start over if you come back home  
On the bigger picture

[Hook]

I wish you saw the bigger picture  
If I make it, I'll come back to get you  
It's clear as day but you don't see the vision  
I wish you saw the bigger picture  
What we got is on some patience  
Cause this ain't no finger painting  
I wish you saw the bigger picture  
Beautiful and modern all the same  
But what's a photo if it's out of frame  
I wish you saw the bigger picture  
I'll paint all the world for you,  
I pray you see the bigger picture

I'll paint the sky blue, I'll pain the grass green

I'll paint the roses red, and everything in between  
I'll paint the sky blue, I'll pain the grass green  
I'll paint the roses red, and everything in between.

[Hook]

I wish you saw the bigger picture  
If I make it, I'll come back to get you  
It's clear as day but you don't see the vision  
I wish you saw the bigger picture  
What we got is on some patience  
Cause this ain't no finger painting  
I wish you saw the bigger picture  
Beautiful and modern all the same  
But what's a photo if it's out of frame  
I wish you saw the bigger picture  
I'll paint all the world for you,  
I pray you see the bigger picture.
