Life is a gamble, where you win or loose  
Life is a gamble

[Hook]  
They say life, is a gamble

So be careful when you shake em up,  
shake em up, shake em up, shake em  
shake em up,  
shake em up, shake em up, shake em  
Life is a gamble  
So be careful when you shake em up,  
shake em up, shake em up, shake em  
shake em up,  
shake em up, shake em up, shake em

I roll the dice one time for my folks that died on  
Rep the side they believed in but they sile off  
Let me toss a 7 for the ones won't see tomorrow  
Cast those shippings for sometimes we don't need to  
ball  
Gunshots bring out, everybody hang out  
Yellow tape party, all over the thang out  
I don't like this feeling, ain't nothing that appealing  
Bout reminiscing, over you  
My god I couldn't cry cause your mama couldn't stop  
crying  
And that's hard, lord I wish my folks would stopped  
dying  
So be careful who you with  
But who am I to say it wasn't your time to black out?  
You betted all on a spot I guess you crapped out  
For the finer thangs, and did we chase  
We told your patience it was funny, how the thing we  
love  
And make us hate ourselves  
Russian roulette table, I gotta bet safer  
You gotta know when the 4 you cross  
When you ain't able to reach into that dash winning  
Jackal up and flashed that, brass like, give me all you  
got of this your ass

That's all that was to it, the house got me shooked  
Cause ain't no point spread, but god doing books, life

[Hook]

They say life, is a gamble  
So be careful when you shake em up,  
shake em up, shake em up, shake em  
shake em up,  
shake em up, shake em up, shake em  
Life is a gamble  
So be careful when you shake em up,  
shake em up, shake em up, shake em  
shake em up,  
shake em up, shake em up, shake em

Life is a gamble feel like I'm gambling on time  
Like what the fuck I'm sposed to say in this rhyme  
I see the tears and they won't come back  
I see the words and they won't run back  
My slot machine was broken this time  
Ain't no focus, I can't redeem to preserve the focus of  
mine  
So many died and I'm just scared it's just a matter of  
time  
For I'm lifted myself, 6 people I know  
Ain't been in church in a while, I heard I reep what I soul  
Casket close, candid doors, can't comemorate  
This tracks my gun, now verse can be the ventilator  
So I breathe, cause logan in las vegas wasn't meant for  
me  
Too scared I'll stay too long and forget where I'm really  
meant to be  
Heaven made, heaven late, but all these lights are  
captivating  
I had to play it, for the sake of me and mine  
Lord, I pray I hit it big this time

[Hook]

They say life, is a gamble  
So be careful when you shake em up,  
shake em up, shake em up, shake em  
shake em up,  
shake em up, shake em up, shake em  
Life is a gamble  
So be careful when you shake em up,  
shake em up, shake em up, shake em  
shake em up,  
shake em up, shake em up, shake em.
