[Hook]

Multi, till the motherfucking sun die  
Till the motherfucking sun die  
One time for multi,  
Multi, till the motherfucking sun die

Till the motherfucking sun die  
One time for multi

I did it for the people that believe in me  
Never shine on my family cause that could breed envy  
Friends up and turn foes, I done seen plenty  
Cause lord is all we have and I believe in it  
I can't deny that, most don't survive rap  
Cause bein poor wasn't easy and we survived that  
Too many times I've left home and had to drive back  
Cause deals fail through, instead of beat they rather  
buy set  
Multi since '86, a lot of motherfuckers out here hated  
this  
To see a king from the bottom of country pumping for  
nothing  
Good lord you know I got it right  
So put your lighters in the air for me  
If I'm down, I pray you care for me  
This for them fans everywhere for me  
Thank god that they were there for me

[Hook]

Multi, multi, till the motherfucking sun die  
Till the motherfucking sun die  
One time for multi,  
Multi, till the motherfucking sun die  
Till the motherfucking sun die  
One time for multi

Ain't no secret I ride for it  
If need be, I die for it  
My plane could crash and burn but I'll fly forward  
Fight the power, raise my fist in the sky for it  
I put my brothers on the vibe the path forward

They get it poppin like the 4th of july for it  
You can't low ball, I want the high high for it  
My grandma died knowing that I drive forward  
Many nights alonea, yeah I've cried for it  
17, hit the road, made a driver forward  
Pedal cd's out the trunk, break my pride for it  
Apply for a job just to get denied for it  
So many tried to sound, but I decide for it  
On the stage of life, title still collide for it  
Last song, breath gone, stage dive for it  
Say goodbye, close my eyes for it

[Hook]

Multi, till the motherfucking sun die  
Till the motherfucking sun die  
One time for multi,  
Multi, till the motherfucking sun die  
Till the motherfucking sun die  
One time for multi.
