I've been haunted 'cause I've wanted

Yes, I've wanted to ask you

Would you steal and then kneel

Like that feelings comfort you?

I've got a feeling that you're stealing

And no healing could get through

Understand where I stand

And what I'm trying to say to you

I don't have what you have

Lord, there's some things I won't do

When you're dying, no more lying

No more crying for you to do

Understand where I stand

What I am, what I do?

Time to pay"

But when you lay in decay

Too late to pray

Understand where I stand

And what I say
