"Dangerous"

takin' time gettin' by
empty on the inside
can't deny my desire
to live for the unknown

and i feel the passion rage inside me
and i know that my faith is ready to be seen

i wanna be dangerous
everybody knows life gets old playing it safe
staying the same
i wanna be dangerous
come on everyone life's more fun
taking it in living for Him
i wanna be dangerous

feelin wild like a child
full of new adventure
want to be fully free
and recklessly surrender

if you wanna take a chance...get ready for this dance
you're gonna be criticized in their eyes for Him
His love for you and me, was taken to extremes
