I've heard the Angels
And I've seen the devil
Fought with the lamb
Sent through the fire

I've been in the valley
When it was dry
Walked thru the desert
To the other side

I'm not a preacher
And I'm not a hero
My life has never
Been that kind

But there is one thing
That I hold on to
I am yours
And lord you are mine

Through all these years
You have been there
Dried all my tears
And answered my prayers

I just wanna feel
Your presence again
I'm down on my knees
In need of a friend

And I've found you waiting there for me

I've seen a widow
Cry thru her sorrow
And still raise her hands
In the midst of it all

And Lord I'm reminded of
When I was weary
You carried me
Yes you carried me

Through all these years
You have been there
Dried all my tears
And answered my prayers
I just wanna feel
Your presence again
I'm down on my knees
In need of a friend
And I've found you (STRONG) waiting there
For me

In the midst of a struggle
There's one thing I know
You'll never leave me
You're never alone

I've heard the Angels
And I've seen the devil
Fought with the lamb *(STRONG NOW)
Sent me straight through that fire yeah yeah oh yeah!
Through all these years
You have been there
Dried all my tears
And answered my prayers
I just wanna feel
Your presence again
I'm down on my knees
In need of a friend
And I find you waiting
Lord I find you *(higher) waiting there for me

Waiting... I find you waiting there...
