No regrets  
No bitter sweet reflections to inject  
No pain that wouldn't slowly fade away  
So here I lay today beside you in a daze

No deep thought  
No final words of wisdom for your ear  
No woe that would not dry up with the fear  
And when the cracks appear I'll fill you in

I WISH IT COULD REMAIN THIS WAY  
COME TO ME WITHOUT DELAY

LEAVE THEM LOVE ME LAY UPON ME  
LOSE YOUR LONELY WAYS FOR A FINE FEW DAYS  
Our love will not die

No big sweat  
I felt that it was deep within me yet  
I cradled just a tiny flame of hope  
It's easy now you know  
You know it all

No depends  
I need you to forget your feeble friends  
We're stronger than most every one of them  
So watch them as they bend and break too soon

I'm a gentle man these are gentle hands
