Say something stupid Â'cause I love to hear you laugh Keep it low no one must no it that youÂ're all right youÂ're in between

If nobody wants to I donÂ't know if I do itÂ's not like I have to have the blame It doesnÂ't make sense when I stand to attention at the very mention of a name

Say what youÂ're thinking You can tell me lÂ'm on my way ThereÂ's a word for your face light it escapes me for

ThereÂ's a word for your face light it escapes me for always now

If nobody wants to I donÂ't know if I do itÂ's not like I have to have the blame It doesnÂ't make sense when I stand to attention at the very mention of a name

Will you not change I cannot say

Nobody wants to
