I was...  
I am...  
And will, forever be...

Reflections of time that once was  
And time that will carry all on...

Parallels dimensions cross within me.

I reflect...

The eye opens wide my visions of omnipotence and  
understanding

Falling into and out of existence,  
As light surrounds my soul.

I see the pain of innocence and the guilt of sin  
Billions of aeon's joined together through me

To recreate matter  
And bring forth solitude to my elite

Follow my light  
And we will  
All is as one.

To learn from the past  
And give to the future  
A perfect concept  
Will bring your energies to me

Pain and pleasure redefined  
Anger and forgiveness no longer disported  
All questions answered  
All symbols of life removed  
To better serve my purpose.  
And so I am.

Reflection of Emotion will  
Manifest into the existence of my infinity...

Life after life.
