I'm lying, I'm late,
I'm losing my weight,
because I want to dance all night,
because I want to stay all night,
in the disco,
in the disco.

You call me, you wait,
take your shoes and go straight,
because you want to dance with me,
because you want to stay with me,
in the disco,
in the disco.

Music is what I want,
music is what I need,
kiss me and turn me slow,
up and down here we go!
I'm lying, I'm late,
I'm losing my weight,
because I want to dance all night,
because I want to stay all night,
in the disco,
in the disco.

Music is what I want,
music is what I need,
kiss me and turn me slow,
up and down here we go!

Music,
Ooh, music.....

Music is what I want,
music is what I need,
kiss me and turn me slow,
up and down here we go!

Music!
