You wanted my attention  
Now I've got to pay for it  
I'm looking for an answer  
But there is no question here  
I try to remember  
The reason not to say goodbye  
And when it's time to surrender  
You hit me with a smile

There's a bad girl in every good girl  
She's dangerous  
There's a bad girl in every good girl  
She's dangerous  
There's a bad girl in every good girl  
She's dangerous

I'm living with a stranger  
I've never been afraid of us  
The city is a playground  
But I don't like the way you touch  
I try to remember  
Reason not to say goodbye

There's a bad girl in every good girl  
She's dangerous  
There's a bad girl in every good girl  
She's dangerous  
There's a bad girl in every good girl  
She's dangerous

You cut like a knife  
You're the venomous type  
Come closer  
I live for this thrill  
But you've come for the kill  
I know it's over

There's a bad girl in every good girl  
She's dangerous  
There's a bad girl in every good girl  
She's dangerous  
There's a bad girl in every good girl

She's dangerous
