I fight the turmoil in my chest  
what can I do to get a bit of rest?  
What's wrong with my heart  
I don't understand the fights I start?  
As a child I was never afraid  
always full of smiles and funny games

Finally the battle wears me out  
I'm lost without a doubt  
I will wither, I will fade away  
slip into my unconscious mind

By now my where ripped apart  
they would no longer carry me far  
So I fell into a well, trapped by it's  
evil surroundings and smell

Until a gentle softness surrounds my being  
a touch of mercy and grace melt me within  
Fresh energy so strong and meek delivered  
by a source unknown to me
