It's hard to fall asleep when you dreamed your life
Away
Your home is a wreck but your love is not dead
The faint-hearted dwell in sorrow
You'll rest your eyes tomorrow

One step at a time
Something's gonna change, baby
Look in my eyes
I'm the one to blame
I can make it right
I'm not gonna leave you
Crying alone in the night

Was born to say I'm sorry
Never learned to take life as it comes
My home is a wreck but my love is not dead
The faint-hearted dwell in sorrow
I'll rest my eyes tomorrow

One step at a time
Something's gonna change, baby
Look in my eyes
I'm the one to blame
I can make it right
I'm not gonna leave you
Crying alone in the night

We're placing our bets, praying for a change now

Look what we get
Nothing really changed
I can make it right
I'm not gonna leave you
Crying alone in the night

Times like these I'd give anything to go back and start
Over again
And times like these I can't waste all my hate on you
And still it won't change one thing
Still nothing, nothing can take me away from you
Away from you

One step at a time
Something's gonna change, baby
Look in my eyes
I'm the one to blame
I can make it right
I'm not gonna leave you
Crying alone in the night

We're placing our bets, praying for a change now
Look what we get
Nothing really changed
I can make it right
I'm not gonna leave you
Crying alone in the night
