If you're in the right city at the right time  
What's the last thing going through your mind  
Not talking 'bout your, ask no questions, you know it's a  
lie  
You're just the victim of a corporate crime

All the signs of a shark attack  
You've got rivers of blood on the streets, don't look  
back  
Nothing personal, just another snack  
An' Harley said, "You're better off sticking to your  
guns"

Any fule kno that

Oh Moronica Queen of the Biz  
And her friend Flash harry thinks he know what it is  
Tin Pan Alley Fat Head Larry don't know shit  
Just trying to keep her happy

There's no laughing in heaven, not the one, not the  
seven  
And you'll never get to heaven in her row boat  
Pea brain pisser, dog breath kisser  
An' Harley said, "You're better off sticking to your  
guns"

Any fule kno that  
Any fule kno that  
Any fule kno that

Won't it be nice  
When everything falls into place

Salad days go a tickling by  
Have a high time, burn money in the meantime  
They bleed you dry  
Those suckers are smaller than life

Oh Moronica Queen of the Biz  
And her friend Flash harry think he know what it is  
Tin Pan Alley Fat Head Larry don't know shit

I'm better off sticking to my guns

Any fule kno that  
Any fule kno that  
Any fule kno that

Won't it be nice  
When everything falls into place

Danny went down to the river one day  
Didn't come back, that's the last, they say  
We ever saw of him, and that's no lie, spitting in your  
eye, have no fear  
You don't want the truth, stick your finger in your ear

Any fule kno that  
Any fule kno that  
Any fule kno that

Any fule kno that  
Any fule kno that  
Any fule kno that

Any fule kno that  
Any fule kno that  
Any fule kno that

Any fule kno that  
Any fule kno that
