I'm in a bad spot, babe
I can't hear what you say
I'd love to stop and talk
You keep fading away

Just the way she said it
Something in her tone
And always so convincing
But she's good on the phone

I'll wait until she's ready
That could be a while
She always takes her time
Then she turns up in style

Something not right
Didn't recognize the car
Women being what they are

There is no sense of reason
In a reasonable world
Makes any sense at all
To a reasonable girl

She said, "You know what I mean"
But I couldn't understand
Didn't know what she meant
I'm a reasonable man

It wasn't meant that way
I was only having fun
She looked me in the eye
But the damage was done

I got the vague impression
She was under my thumb
But I looked the other way
And I had to succumb

Girls like that
I want girls like that
Girls like that

I like girls like that

Girls like that

I know girls like that

Girls like that

I like girls like that
