Fly into the rising sun,
Faces, smiling everyone
Yeah, she is a whole new tradition
I feel it in my heart

My woman from Tokyo
She makes me see
My woman from Tokyo
Shes so good to me

Talk about a Leica queen
Dancing in a eastern dream
Yeah, she makes me feel like a river
That carries me away

My woman from Tokyo
She makes me see
My woman from Tokyo
Shes so good to me

But Im at home and I just dont belong ...

So far away from the garden we love
She is what moves in the soul of a dove Oo...
Soon I shall see just how black was my night
When we're alone in her city of light

Rising from the neon gloom
Shining like a crazy moon
Yeah, she turns me on like a fire
I get high

My woman from Tokyo
She makes me see
My woman from Tokyo
Shes so good to me 2X

My woman from Tokyo 5X then fade
