I told you once about a place  
That I had accidentally  
Stumbled upon  
Can you imagine how it feels  
To find somewhere  
That you can do no wrong  
But it's alright  
You're safe in my hands

I'll meet you in the sky tonight  
And we will trace  
Some undiscovered stars  
We'll go beyond the universe  
Beyond all understanding  
Hey, it's not that far  
But it's alright  
I feel safe in your hands

I can't stand living this way  
Getting by from day to day  
I'm drinking from your loving cup  
I told you things were looking up  
Oh oh oh so good  
Oh it feels so good

We're all the same but then again  
We're all quite different  
In our own peculiar ways  
We've come so far  
And now we're going  
Through another phase  
But it's alright  
We made it so far

I can't stand living this way  
Getting by from day to day  
I'm drinking from your loving cup  
Told you things were looking up

As we all know it's hard to breathe  
When something spiritual  
Has taken place

We don't know how we don't know why  
We've been transformed  
Into a state of grace  
But it's alright  
We walk in our sleep  
Yes it's alright  
This is rapture of the deep
