Can you remember, remember my name?
As I flow through your life, a thousand oceans I have
flown
And cold, cold spirits of ice
All my life, I am the echo of your past

I am returning the echo of a point in time, and distant
faces shine
A thousand warriors I have known
And laughing as the spirits appear
All your, all your life, shadows of another day

And if you hear me talking on the wind
You've got to understand
We must remain
Perfect strangers

I know I must remain inside this silent well of sorrow

A strand of silver hanging through the sky, touching
more than you see
The voice of ages in your mind
Is aching with the dead of the night
Precious life, your tears are lost in falling rain

And if you hear me talking on the wind
You've got to understand
We must remain
Perfect strangers
