(lyrics: Kay Hartung; music: Sascha Klamp & Kay Hartung)

Can you feel, feel the pain?  
When I come, come again.  
Broken bones in the ground.  
Hear the deep painful sound.  
Fire, fire in my eyes.  
Go away friendly guy.  
My own rage, not control.  
Feel the pain in my soul.  
My heart is twin around  
With barbed wire of rage.  
My body explodes of life,  
But my soul runs straight to hell.

Mama please, please help me.  
My own rage devours me.  
I drown into the swamp,  
And the swamp it comes from hell.  
But I fight, fight myself.  
With the love and the strength.  
Coming down, down from God.  
In my deep lovely heart.  
My heart is twin around.  
With barbed wire of rage.  
My body explodes of life,  
But my soul runs straight to hell.
