(lyrics & music: Kay Hartung)

Hear the voice so far
My thoughts are near you
I can't believe it
The world inside my heart
Is falling down
Because you are gone
Stars inside my head
Blind my mind
Can't think anything
But now I understand
You'll never come back
Because you are dead
I don't feel your hand
I don't see your face again
Can't forget your love
But tears are falling down

Loneliness I feel
I'm so alone
Alone in the world
Can't do anything
I'm crippled and I'm
Unable to think
If you don't come back
I will follow you
Please, please wait for me
I'm on the way to you
Goodbye little earth
Please forget me now
I don't feel your hand
I don't see your face again
Can't forget your love
But tears are falling
