She ain't for me, you're the one I need

She was model chick, pretty thick, in them jeans  
Working at the Storm, 25th, Excuse me  
Can I tell u what my name is?  
You look like the kinda girl I wanna get with  
She asked what kinda car I drive  
I said the V12, all white with the chromes, and keep the  
details  
And I thought she was the one for me  
to please her I started actin differently  
And when I met u  
I thought I could be myself  
You showed me lovin like nobody else  
I never had to ask for nothing  
with her it seems like it was always something  
Now I know the choice that I should have made, shudda  
bin with u what else can I say  
So wud u be with me  
Il be yours eternally

She may have what I want  
But your the one I need, I need  
She may look like them girls in the videos  
But your the one for me  
I used to think she was so fly  
and If u asked me why im with her I cudnt tell u why, oh  
no  
It so clear to see, youÂ're the one I need

You told me before, I didnÂ't listen  
Said that she was playing round, I wudnt pay attention  
I tried to make it look as if we was doin fine  
I didnÂ't wna tell myself, I wasted so much time  
Now I know the choice that I should have made, shudda  
bin with u what else can I say,  
so will u be with me  
Il be yours eternally

She may have what I want  
But your the one I need, I need  
She may look like them girls in the videos

But your the one for me  
I used to think she was so fly  
But If u asked me why im with her I cudnt tell u why, no  
no  
It so clear to see, youÂ're the one I need

From the bottom of my heart  
I will make a change  
I swear I wont put no1 else before u this time  
Wanna make a brand new start  
So please donÂ't walk away  
Im not in love with her  
And all that really matters is you, is you, is you

She may have what I want, girl youÂ're the one I need  
Girl its not for me

She may have what I want  
But your the one I need, your the one I need  
She may look like them girls in the videos  
But your the one for me  
I used to think she was so fly  
If u asked me why im with her I cudnt tell u why, cudnt  
tel u why  
It so clear to see, you're the one I need

She may have what I want  
But your the one I need, your the one I need  
She may look like them girls in the videos  
But your the one for me  
I used to think she was so fly  
If u asked me why im with her I cudnt tell u why,  
It so clear to see, you're the one I need
