"I like this song right here."

Baby you know i love you needless to say
i wanna hug you kiss you because
i miss you but i never mean to diss you or
trick you and i know you lovin this too because
you'll always be my boo (ughhh)
you hold my hand and keep me safe
neva let our lives go to waste when
i look into your face lovin' the way yo' lips taste at night
i do a 360 because i think of you missy and
sometimes i know you hit me but we always
end up kissing tell me can this really be a girl
fallen for a G caught up mashin in tha streets
hustle a sack to make some cheese its funny my
honey how 3 words could change this man
took me from mashin wit my boys to
learning things to be a man how you
lift my head up put a smile upon my
face you keep me comin right back
with your warm embrace i'm feelin safe
babygirl when you touch me like that you
lay your head upon my chest now
lemme bring it right back

(Chorus) i'm your lady, you're my man
(i'm your man) I'll do everything i can,
just to keep yoo in my arms all night(all night)
boy i need you by my side,
cause uh ever since we first
locked eyes(locked eyes) visualing all the dreams
inside,
makes me sit around and realize(realize)
boy you're love is just so right

i be yo' lady and you be my man holdin'
hands under the stars at night your arms
hold around my waiste so tight it feels
so right when yoo look into my eyes
sparkles like the stars in the sky
you'll always be mine cause a
love like this is all a girl could

wish for filled with millions of kisses
the only one i adore to have and to hold
'till i grow gray and old and as you're wife
i'll be by your side for the rest of your life

(Chorus)

So I'm walking to my girl's
house, just to go chill I copped a couple
flowers that was sittin' on the hill i checked
out my breathe hoping that it's minty fresh
So She opened up the door she was wearing a fly dress
So I said, "Girl, you is lookin' so fine"
I couldn't even believe that she was mine
My girl to start with and hopefully end with
She got that walk like she gliding so swift
Then that day, I thought to myself
What if I made a fool of myself but i said,
"oh well" cause she's my girl and
she's in my world she's more prettier
than them diamonds and pearls
you know when i'm with you i'm the
happiest as can be cause i'm so
loved whenever you're around me
between you and me our love's so
true you ain't never leavin me,
cause i can't breathe without you
i'm thankin the lord for the blessin
he gave me he created the eyes for
me to stare deeply her hair, so soft,
and flowing freely the sillouette of her body,
moving so beautifully it's like that,
and I don't want it to go away
i'm lovin' the way she moves and the way she sway
i'm showing her my love
she's my blessin' from above

(Chorus)

"Its over now."
