"I like this song right here."

Baby you know i love you
need to say i wanna hug you
kiss you because i miss you
but i never mean to diss you or trick you
you know im lovin this too
because you'll always be my boo (mmm)
you hold my hand and keep me safe
neva let our lives go to waste
when i look into your face
lovin' the way yo' lips taste
at night i do a 360 because i think of you missy
and sometimes i know you hit me
but we always end up kissing
tell me can this really be a girl fallen for a G
caught up mashin in the streets
hustle a sack to make some cheese
its funny my honey how 3 words could change this man
took me from mashin wit my boys to
learning things to be a man
how you lift my head up put a smile upon my face
keep me comin right back with your warm embrace
i'm feelin safe babygirl when u touch me like that
you lay your head upon my chest
now lemme bring it right back

(Chorus)

i'm your lady and you're my man (i'm your man)
I'll do everything i can,
just to, keep you in my arms all night (all night)
boy, i need you by my side,
cause uh ever since we first
locked eyes (locked eyes) visioning all the dreams
inside,
makes me sit around and realize (realize)
boy you're love is just so right (so right)

i be yo' lady and you be my man
holdin' hands under the stars at night your arms
hold around my waist so tight

it feels so right when you look into my eyes
sparkles like the stars in the sky
you'll always be mine
cause a love like this
is all a girl could wish for
filled with millions a kisses
the only one i adore, to have and to hold
'till i grow gray and old, and as you're wife
i'll be by your side for the rest of your life

(Chorus)

So I'm walking to my girl's house,
just to go chill I copped a couple
flowers that was sittin' on the hill i checked
out my breathe hoping that it's minty fresh
So She opened up the door she was wearing a fine
dress
So I said to her, "Girl, you is lookin' so fine"
I couldn't even believe that she was mine
My girl to start with, and hopefully end with
She got that walk like she walk, gliding so swift
Then that day, I thought to myself
What if I made a fool of myself but i said,
"oh well" cause she's my girl and
she's in my world, she more prettier
than diamonds and pearls
you know when i'm with you i'm the
happiest as can be, cause i'm so
loved whenever you're around me
between you and me our love's so true
you ain't never leavin me,
cause i can't breathe without you
i'm thankin the lord for the blessin
he gave me he created the eye for
me to stare deeply her hair, so soft,
and flowing freely
the sillouette of her body,
moving so beautifully it's like that,
and I don't want it to go away
i'm lovin' the way she moves and the way she sway
i'm showing her my love
she's my blessin' from above

(Chorus)

"Its over now."
