I never seen you  
I never held you  
But i still love you until the day i die  
i never sang to you  
i never cradled you  
But i still love you until the day i die

I never really got the chance to ever see you  
But i dreamed to your mom was happy along wit me  
too  
i wannna to raise you ryte give you things i didnt have  
now its a memory of a time that i wish i had  
but i cant be mad in the sadest in the way  
but the image of you is still there wen i lay  
and i knoe your ears are wide open wen i pray  
that he's talking to you but he dont knoe wat to say  
i wanna to watch you grow a child of my own  
wanna to hear your voice and see your face wen i got  
home  
mom was sed to be have to gotted u would need  
now i have to dream in order to see you wit me  
maybe you was a little girl who was anbooja mom  
or my little son who looked up to pop  
either way my heart still melts at your very thought  
and i still love you and dat will never stop cause

I never seen you  
I never held you  
But i still love you until the day i die  
i never sang to you  
i never cradled you  
But i still love you until the day i die

Navay and Marie, Orlandin T  
the begining of the source to find the man in me  
but it wasnt meant to be at this point in time  
it had me angry on the outside but crying inside  
dens i was ready me and your mother awaited  
but someone above us both had reasoned to delay it  
maybe we were to young we'll never truly know  
i tried to tell myself why but i really truly dont  
wat could be so wrong about something so nice

something so devined come in my life but no i  
would never dared to ever call u a mistake  
but if so your a mistake that i cant take  
our very first daughter that your mother could dress  
nice  
or that son of mine that i could of taught rhymes  
but now its all in thoughts that never came to be  
but i still love you and when you're still the same to me  
uh

I never seen you  
I never held you  
But i still love you until the day i die  
i never sang to you  
i never cradled you  
But i still love you until the day i die

I....guess it was time (it was time)  
I prepared my life (i prepared my life)  
and now i cray  
Cus I....wasn't ready yet (wasn't ready yet)  
to say goodbye (to say goodbye)  
and now i wonder why

I never seen you(i never seen you)  
I never held you (i never held you)  
But i still love you until the day i die (but i'll still love  
you)  
i never sang to you (i never sang to you)  
i never cradled you (I never cradled you)  
But i still love you until the day i die (but i'll still love  
you)
