Intro-

Baby girl,

I love you so much

But I guess you don't understand how much I care

Everything we've been through

I've always stayed by your side

But I guess you don't see that

As much as it hurts deep inside

I gotta let you go

Cuz I've shed my last tear

Verse 1-

Hey where do I go from here now

It took us one hell of a while

So tell me how, we fell apart

When I gave you my all from the start

You was my angel

You and me together, we was untouchable

But when you let time play its role

It becomes unpredictable

Everything was changin'

Lies, Rumors

Everything inside me rearrangin'

Now I'm facin' hard decisions

And my life - In a twisted situation

But I gotta wonder why, Tell me why

Did it have to be this way

It's best that we go our separate ways

Verse 2-

I tried to fight it

The way I feel for you

But girl this pain just won't let me go

Girl if you only

Could try to see

But I guess this love was just not meant to be

Though it seems love was our destiny

I could never love you

The way you wanted me to

Chorus-

I shed my last tear with you
I cried my last cry with you
But I'm sayin' good-bye to you
After all we've been through

I shed my last tear with you
I cried my last cry with you
But we just can't see it through
Even though I love you girl

Verse 3

So many times
You left me so confused
You've hurt me so much
Yet I couldn't stop loving you
So many nights
I cried myself to sleep
Goin' crazy wonderin' if I should leave
Girl I'll never, love another
Cuz you were my pride
And you were my life
And you were my last

Chorus-

I shed my last tear with you
I cried my last cry with you
But I'm sayin' good-bye to you
After all we've been through

I shed my last tear with you
I cried my last cry with you
But we just can't see it through
Even though I love you girl

Bridge-

All I ever wanted was to make you happy
And all I ever wanted was to see you smile
All I ever wanted was for you to love me
But we just couldn't seem to work things out
Tell me why do things have to change
And tell me where did we go wrong
Cuz baby girl I'm tired of cryin'
I guess someday we'll just have to move on

Chorus-

I shed my last tear with you
I cried my last cry with you
But I'm sayin' good-bye to you
After all we've been through

I shed my last tear with you

I cried my last cry with you
But we just can't see it through
Even though I love you girl
