Baby, this is what I have for you
My love of my life...

[girl] 1life 1love...
Ye-ahh...

Yo, looking back at my life as I sit at my desk
I would've never imagined myself to be so blessed
With an angel from heaven, a gift from God
Someone I could love forever
Beyond and beside
You're the first thing I think of when the sun shines
bright
And the last thing I think of when I sleep at night
You and me princess what a perfect team
And I won't hesitate to call you the girl of my dream
Cause when I need you, you're just a phone call away
And your beautiful smile washes all my worries away
When I'm not with you I miss you, oh so much
And how much you soothe my soul with a simple touch
You will never know just how much you mean to me
But I got the rest of my life just to help you see
I only got one life, I can never have two
But as long as I'm alive, I wanna spend it with you

[girl] 1life 1love...
Mm-hmm...

When I have you in my arms and I close my eyes
I wouldn't care if the whole world just pass me by
Cause I live to make you happy, just to see you smile
Just to make you giggle, I love your style
Those late afternoons together when the sun just sets
To those early morning talks, girl you are the best
I'm so amazed at your sight, I ask questions too
Like how could a guy like me, deserve a girl like you
I feel so blessed but at the same time so unworthy
I trust you with my heart I know you won't hurt me
Everything about you is perfect, I love your lips
I love your smile, I cherish every hug and kiss
And I can't wait for tonight when I can hold you tight
Next to me by my side, with you as my wife

You're my hope when I'm helpless, when its dark
you're the light
I gave you all that I had, and that is my love of my life

[girl] 1life1love...
Mm-hmm...

Every night that I pray, I thank the Lord for you
You're so rare, sweet, cute, and loving too
I'm so privileged, just to call you boo
I would drop anything just to spend a second with you
I'll be right here with you even if times get rough
Cause to me always you're the definition of love
You won the key to my heart, only you can get in
Looking in your eyes they're like the shining stars in
heaven
I would do anything for you cause girl you're so worth
it
Looks are great but the personality so perfect
You're my perfect match, my soul mate, my best
friend
You're my infinity, on a scale of 1-10
I mean every word that I say, just look in my eyes
The love that we share was never made to die
I just wanna make you happy, maybe that's my goal
I'll forever love you with all my heart and soul
Forever.

[girl] 1life1love...
Mm-hmm...

[girl] 1life1love...
Ye-ahh...

[girl] 1life1love...
Ye-ahh...
