"Yeah..yep..I miss you..me too"  
"come on"

[Verse One]

Tears coming down my eyes  
So hoping that you'll never lie  
Say you'll be there to be by my side  
But now you're gone, you left me all on my own  
I miss the late night talks and  
Your voice on the phone  
And the moments we shared can never be replaced  
[something] can never be erased cuz  
Baby i'm willing to give you all my love  
I'm missing you so come back to me and give me a hug

Tell me girl  
If you still feel the same  
that when youre dreaming at night  
You still seeing my face  
that you're missing all those late night talks on the  
phone  
That without me in ur lyf, you feel so alone  
Cuz if you don't, and you say you were done  
Then all the feelings I thought were feeling so wrong  
And it might be true, that cupid doesnt lie  
But it doesn't matter now cuz  
You're not in my life

[chorus]

So many tears and lonely nights  
Now that you're gone and  
I still can't believe I had to turn to this song  
Missing you with every heartbeat, every second in my  
life  
Wishing I could go back and make everything right  
But youre gone from my heart  
You left me lonely in the rain  
Now there's nothing in my life  
And I'm going insane  
Now all my days is lonely, and

Nothing seems right  
Everyday im sitting, wishing you would come back in  
my life

I wanna tell you I love you in a special way  
Hold your hand and tell you that Ima love you everyday  
Thinking bout that night we were holding hands  
I was looking to your eyes with so much romance  
So u tell me girl, what you wanna do  
I'll do wateva u want me to coz im so into u  
Just give me one more chance  
To prove myself  
Cuz without you in my life, theres nobody else

[chorus]
