Yeah, whoa

Time, just watching the time slipping away  
Gimme a sign, where do you go when you can't find  
the way  
So we watch and we wait and we crawl and we kneel  
If you know who you are then you know how to feel  
In time, maybe temptation is all that you need

Love don't lie, it lifts you up  
Takes you higher when high ain't enough  
Love don't lie, it's stronger than steel  
It's got the heart and emotion to heal  
It's not as easy as it seems  
When you can't even speak in your dreams  
Love don't lie and that's the truth  
Look me straight in the eye for the proof  
That love don't lie  
Yeah, love don't lie

Out in the cold, with a love that burns like the sun  
You've stolen my soul, so justice would seem to be  
done  
So we hope and we pray and we live and we learn  
If we know where we are then we know where to turn  
In time, maybe persuasion is all that you need

Love don't lie, it lifts you up  
Takes you higher when high ain't enough  
Love don't lie, it's stronger than steel  
It's got the heart and emotion to heal  
It's not as easy as it seems  
When you can't even speak in your dreams  
Love don't lie and that's the truth  
Look me straight in the eye for the proof  
That love don't lie

Love don't lie, it lifts you up  
Takes you higher when high ain't enough  
Love don't lie, it's stronger than steel  
It's got the heart and emotion to heal

Love don't lie, it lifts you up  
Takes you higher when high ain't enough  
Love don't lie and that's the truth  
Look me straight in the eye, straight in the eye for the  
proof  
Love don't lie  
Yeah, love don't lie  
Oh, oh, love don't lie  
Yeah, love don't lie
