Revvin' up, hundred and four.
Hammer down, foot to the floor.
Such a hard ride, ridin' into the sun.
Shootin' in, gotta ticket to ride.
Movin' out, this is no place to hide
When you're ridin', ridin' into the sun.

We're gonna make it baby,
So step inside.
And if we make it baby,
(a) we're gonna ride... (into the sun.)
Just ride into the sun.

Burn it up, we're gonna cruise.
Kick down, nothin' to lose.
When you're ridin', ridin' into the sun.
A hot shot, hooked on the street.
I'm in love, got the fire in me.
When I'm ridin', ridin' into the sun.

We're gonna make it baby,
So step inside.
And if we make it baby,
You know we're gonna...
Ride, ride into the sun.
Yeah, ride into the sun.
Just ride into the sun
Yeah!
