"Work It Out"

Day and night, black and white
You take it all for granted
I'm the one who turns you on
When you don't know where you belong
And nothing seems to matter
I'm the one who holding on
It's alright to be wrong
All we need's a little time
But nothing here can last that long

We'll show the world a brand new face
It's taken us all this time, all this time
All of this doubt, we get to work it out
All of this doubt, we get to work it out
All of this doubt, we get to work it out

Yesterday, lost your way
Still looking for an answer
I'm the one who holds the key
When you don't know where you belong
When nothing seems to matter
I'll unlock this mystery

We'll show the world a brand new face
It's taken us all this time, all this time
All of this doubt, we get to work it out
All of this doubt, we get to work it out
All of this doubt, we get to work it out

We'll show the world a brand new face
It's taken us all this time, all this time
All of this doubt, we get to work it out
All of this doubt, we get to work it out
All of this doubt, we get to work it out

All this time - day and night, black and white
You take it all for granted
We get to work it out
I'm the one who turns you on, turns you on

All of this doubt

When you don't know where you belong
When nothing seems to matter
We get to work it out
I'm the one who's holding on
Holding on, holding on
