You know me, just look in my eyes
I she'd my skin, got on no disguise
My heart still beats and I'm still the same
Do you know my name?

It's everything you've ever seen
It's everything you've broken
It's only when you keep your eyes wide open

Like a circle of light spinnin' out of control
And I just can't let go

Day after day
There's a force deep inside me
Day after day
There's the ghost of a lie
Every belief
That has come back to find me
Day after day and it follows me blindly
Day after day

I feel you, you're under my skin
You look in the mirror, you know where I've been
My heart still beats but it's not the same
Don't you know my name?

I'm always there to keep your eyes wide open

Like a circle of light spinnin' out of control
And I just can't let go

Day after day
There's a force deep inside me
Day after day
There's the ghost of a lie
Every belief
That has come back to find me
Day after day
And it follows me blindly
Day after day

Like a circle of light spinnin' out of control

And I just can't let go

Day after day
There's a force deep inside me
Day after day
There's the ghost of a lie
Every belief
That has come back to find me
Day after day
And it follows me blindly
Day after day

Day after day

Day after day
There's a force deep inside me
Day after day
There's the ghost of a lie
Every belief
That has come back to find me
Day after day
And it follows me blindly
Day after day
