I'm tired of feelin' hateful  
I'm tired and I can't breathe  
So tired I would be grateful  
If you close the door when you leave

That's me diggin' my heels in  
That's me with the Holy Ghost  
Excuse me but I don't remember  
Where were you when I needed you most

And I'm tied to the sky  
As you claw at my eyes  
And I wait for the flood  
I swim in blood

As I crawl to my knees  
And I beg your disease  
Taste the ice on your breath  
As you catch your death

I close my eyes  
Embrace me  
Deliver me

Hey you, the voice of reason  
Hey you, are you listening to me?  
It's you that I can't believe in  
I don't buy what I don't see  
Say good bye 'cause I don't need

And I'm tied to the sky  
As you claw at my eyes  
And I wait for the flood  
I swim in blood

As I crawl to my knees  
And I beg your disease  
Taste the ice on your breath  
As you catch your death

And I'm tied to the sky  
As you claw at my eyes

And I wait for the flood  
I swim in blood

As I crawl to my knees  
And I beg your disease  
Taste the ice on your breath  
As you catch your death

I close my eyes, embrace the wave  
Abandon me, save the day  
That I won't see, deliver me
