I've been waiting, goin' crazy
I can't sleep when I know you're not around
I've been saving what you're craving
Look at my face I'm about to replace
Every hurt every tear that you cry

'Cos when your feeling's strong
And you can't go on
There's nothing wrong, just try to realize

You won't ever have to say goodbye
You won't ever have to say I've wasted all my time
If the dream you dream ain't what it seems
Just look into my eyes
You won't ever have to say goodbye

I'm just praying, yea, hear me saying
I'd be there if the sun refused to shine
As the night gets colder I will be your shoulder
I give you my heart until death us do part
Every day every moment forever

'Cos when the love is strong
The feeling's never gone
There's nothing wrong in trying to realize

You won't ever have to say goodbye
You won't ever have to say I've wasted all my time
If the dream you dream ain't what it seems
Just look into my eyes
You won't ever have to say goodbye

'Cos when your feeling's strong
And you can't go on
There's nothing wrong
Just try to realize

You won't ever have to say goodbye
You won't ever have to say I've wasted all my time
If the dream you dream ain't what it seems
Just look into my eyes
You won't ever have to say goodbye
