Gotta Let It Go

All or nothing

Winner take it all away

In for the kill

There's blood on the water

It's flowing your way

Now I don't know nothing

But I know it's a long way down

The king of the hill

You reach for the sky

You're losin' your crown

You tell it to no one

You tell it to the sun

You tell it to the friends who've come and gone

You tell it to yourself

Again

Again

Gotta let it go

Gotta let it go give it away

Gotta let it go

Gotta let it go give it away

Let it go

You came outta nothing

Crawling out of history

The man of the hour

You done the time

Now you hold the key

But there's always something

Something just beyond your reach

The bigger the prize

The more you desire

The less you can feel

You do it for yourself

There's really no one else

Another empty trophy on the shelf

But you're hanging on alone

Again

Again and again and again

Gotta let it go  
Gotta let it go give it away  
Gotta let it go  
Gotta let it go give it away  
Gotta let it go  
Gotta let it go

The more you want it  
The more you need it  
The more you got it  
The less you feel

You gotta let it go  
You gotta let it go give it away  
Gotta let it go  
You gotta let it go give it away  
Gotta let it go  
You gotta let it go  
You gotta let it go  
You gotta let it go  
Gotta let it go give it away  
Gotta let it go  
Whoa, give it away  
Let it go
