Love, love look what you've done to my heart  
Oh, I should have known from the start  
That you'd go and tear it apart  
Oh, and now you desert me

You never lose, you never fail  
You always live to tell the tale  
You take me up, you bring me down  
Without a touch, without a sound

Love, love why do I keep searching high and low?  
You take me in your arms then let me go

Oh, how long must it be until you  
Come and run back to me?  
Can't you see I got no release from the pain

Just to see you again

You never lose, you never fail  
You always live to tell the tale  
You take me up, you bring me down  
Without a touch, without a sound

Love, love why do I keep searching high and low?  
You take me in your arms then let me go

Love, don't let me go  
When will your love set me free?  
When will you come back to me?

Oh love, love why do I keep searching high and low?  
You take me in your arms then let me go  
Oh love
