Naa mina ima te wo tsunage
Let me see unity with your hands in the air
It doesn't matter where you come from
Let's go as one, Consolidation Song

Listen ya'll to the words we sing,
Come together now, let us bring
Peace and love to the living today,
The earth provides, lets find way
For growth and change to know and range
Beyond, beyond start a new day
No dismay, live it up, life's one time, live and trust
We all can love, said it's the bond
To shift us to a brand new dawn
With thinking and feeling, breathing and being
Change just one thing and you'll be seeing
More clearly, it's merely one degree
Of what's freely your humanity
Change we can and change we will,
Change is human, fulfill your destiny

Naa mina ima te wo tsunage
Let me see unity with your hands in the air
Koko kara wa wo hirogeteke
No fear, be brave, have confidence
Muda na koto nante nai
Ever little thing in life has meaning right
It doesn't matter where you come from
Let's go as one, Consolidation song
