city song by Def Value
Otte yotta skorpa Mu

Feels like pissing in a beerglas when you're drunk
Feels like falling down to the ground
Like a raising angel, in this city
Dreams are coming true, in this town

And I feel yeaheah,
This is my city,
And I feel yeaheah,
Could be my town
And I feel yeaheah,
This is my city,
And I feel yeaheah

Came there as a stranger in a hole
Heard a lot about things,
Things I certainly want to know
Met good friends out there
Became brothers to the soul
Have a party there
And drink untill I fall
