Welcome to the purple world, it go down  
Candy coated streets of crime, we grind  
S-Coup with the ceiling recline, we shine  
Represent it till the end of time, 'cause it's mine

Welcome to the purple world, it go down  
Candy coated streets of crime, we grind  
S-Coup with the ceiling recline, we shine  
Represent it till the end of time, 'cause it's mine

I'ma represent it, I'ma make these boys know  
I'ma hold it down for my dirty third coast  
Like a soldier at his post, I'ma stay up on my note, get  
four  
Lock, load and blast with my back against the ropes

I'ma come out swaging, doing my thang and  
Grab the microphone and I'm a leave that hoe, flaming  
Boys looking strange and they girls stare too  
'Cause we hop out the roof, talking about what it do

On the late night when the stars shine bright  
Reck, cruising through the purple world, pearl flipping,  
white  
Smoking on some flight, some dime piece, hype  
About to head to the club spend some, some money on  
the pipe

Ex, got me heasy, still looking pretty  
Put Fasacci shades on, when that bitch, hit me  
Loving is out of mind, we shine and grind  
Show you hospitality or put one up in your spine

Welcome to the purple world, it go down  
Candy coated streets of crime, we grind  
S-Coup with the ceiling recline, we shine  
Represent it till the end of time, 'cause it's mine

Welcome to the purple world, it go down  
Candy coated streets of crime, we grind  
S-Coup with the ceiling recline, we shine  
Represent it till the end of time, 'cause it's mine

Welcome to the purple world big cars, indo and cigars  
And a lot of dime piece hoes, down to do menages  
Spit a rally, dodging the streets, slowed up  
Home former suit of the drugs, struggle and poured up

Threwed it downtown, it go down after rehab  
Trying to be sober in the purple world, nigga you about  
to relapse  
Damn, them players and pass drugs out the room and  
Come down slow, with a trunk full of boom

In my room, all I see is pimping pens and hens  
And chickens and pigeons and all they five feathered  
friends  
In a Benz, S Coupe with my ceiling recline  
About to swoop through the breads with my head,  
feeling fine

With a young fresh dime, sitting on my elbow  
Tippie toe, real slow and let my TV screens glow  
Fo sho, Tyte Eyez is still all about his cheesy  
Representing the purple world boys and girls, please  
believe me

Welcome to the purple world, it go down  
Candy coated streets of crime, we grind  
S-Coup with the ceiling recline, we shine  
Represent it till the end of time, 'cause it's mine

Welcome to the purple world, it go down  
Candy coated streets of crime, we grind  
S-Coup with the ceiling recline, we shine  
Represent it till the end of time, 'cause it's mine

I'm still a Barre baby, still a Barre baby  
Hitting the boulevard top, down that's Mercedes  
Real on me, looking mighty throwed  
High to South side, rocking, rocking my earlobe

Feeling good as you see me, no more cup sipping  
Sipping straight to the head, I smoke on the candy and  
dipping  
I'm feeling mighty good, I'm crawling down, slow  
On tippity-toe, Mo-Yo, blazing a four

Uh, ain't got no braids, I keeps the bald fade  
From the cradle to the grave, haters got to behave  
Learn by me, M O E, from the one that  
Street code to the game, I'ma maintain

I'ma let my nuts hang, I ain't scared to sip more than  
you  
I ain't scared to roll Candy Blue  
I smoke dip, you never see me naked  
Unless I'm in the bed, Big Moe, I wreck it, than check it

Welcome to the purple world, it go down  
Candy coated streets of crime, we grind  
S-Coup with the ceiling recline, we shine  
Represent it till the end of time, 'cause it's mine

Welcome to the purple world, it go down  
Candy coated streets of crime, we grind  
S-Coup with the ceiling recline, we shine  
Represent it till the end of time, 'cause it's mine
