A desolated land  
Submerged in distress  
Proper breeding ground  
For barbarity  
Twisted concept of  
Ethnic hierarchy  
A dormant discord  
Is amplified  
Propaganda to ignite  
Morbid zest for action  
Scapegoat is found  
Contemptuously thrown to the lions  
Unfortunate incarnation  
Misplaced in space and time  
Endangered by heritage  
Wave of acrimony  
Moving towards me  
Hopelessly trapped in a corner  
Marked to separate  
From society  
Locked up in claustrophobic quarters  
Extinction  
A world filled with shock  
Rumours becoming reality  
A bitter fate  
Enslaved and maltreated  
To serve their oppressors  
Exhaustion, Malnutrition, Resignation

Physical collapse, hope is shattering  
Inefficiency puts your life at stake  
From subservient to test subject  
Medical advantage through dehumanization  
Human guinea pigs with no chance for survival  
Exploring boundaries of sensitivity  
Intentionally infected with pathogens  
Desexualized with corrosive acids  
Injected into the uterus  
Subject of lethal vacuum experiments  
Merciless withdrawal of blood until veins are dry  
Inhumanity

Ends your dismal life

Unexpected salvation

Passages into

Total pleasantness

Free of your ravaged body

Transcendent beauty welcomes

To become one with bliss

As the smoke clears

Perpetrators are hunted down

Escaping your punishment

A retreat to distant shores

Natural death

After decades of dormancy

Convictions of

Righteousness taken to your grave

Entering a disturbing realm

Controlled by guilt and shame

Infernal images of your deformed victims

Ripping through your flesh

Timeless anguish to engulf

Your disembodied soul
