

Defecation "Mutual Trust"

Visit "[Mutual Trust](#)" on MotoLyrics.com

We trust the fucken food we eat is safe
We could have just ate poison-too late now
Massive product big fatality rate
Who knows what they feed the plants or cows?
Eat your veggies or eat your meat
Human life they can defeat
There is no way to be protected

Harmful shit should be detected
Eat your eggs or eat your soy
Insecticides are not a toy
Poison me and poison you
Nothing we can fucken do
Synthetics in your bodies
Synthetics in the air
Nothing can we do about it
'Cuz no one fucken cares
