Face the wrath of an avalanche
In its path no more can stand a chance

She's sleeping so respect her silence
Or you'll be doomed and trapped in her violence
One thing leads to another
Of all disasters she is the mother

Oh... avalanche - you're condemned in advance
Oh... avalanche - caught in a fatal dance
... Oh, I will die in trance...

Chain reaction - you own my full attraction
Go on abuse me with full force

Hit by a light that soon will turn to black
There's no way I will ever turn back
Welcome the darkness, death I'll greet
Waiting for the holocaust yet incomplete

Oh... avalanche - you're condemned in advance
Oh... avalanche - caught in a fatal dance
Oh... the dance of decadence

Chain reaction - you own my full attraction
Go on abuse me with full force
Chain, chain reaction - you meet my satisfaction
And only you can change my course

She's sleeping...

Now I inhale my last breath
Cause the only cure for life is death

Oh... avalanche - you're condemned in advance
Oh... avalanche - caught in a fatal dance...
Oh... the day of decadence
Oh... oh, I will die in trance
Chain reaction
