Led by a tearing feeling
That grows internally
Like the itching of healing rips inside of me

It's burning holes
It is the fire in my soul
Burning holes
I am the firesoul
My strenghts exceeds compared when younger
I'm driven by abnormal hunger -
Extreme thirst
Eventhough it feels like if I'll burst
I'm spawned and I am cursed
With powers superhuman
Constantly within grow
I am reborn, now few can resist my inner glow
It's burning holes
It is the fire in my soul
My strenghts exceeds compared when younger
I'm driven by abnormal hunger -
Extreme thirst
Eventhough it feels like if I'll burst
I'm spawned and I am cursed
Led by a tearing feeling
That grows internally
Like the itching of healing rips inside of me
It's burning holes
It is the fire in my soul
Burning holes
I am the firesoul
