Juggernaut, molotov  
Panzerfaust, Glock, Kalashnikov  
AK4, civil wars  
Anywhere near contradictions  
there's friction

I have an inborn addiction  
for things that are reversed  
'cause resistance and conflicts  
always ends up in discord and in friction

Friction, friction - sweet friction  
Friction, friction - my addiction

Juggernaut, molotov  
Panzerfaust, Kalashnikov  
Messerschmitt, AK4  
Tomahawks and civil wars  
Anywhere near contradictions  
my prediction - there's friction  
Friction, friction - sweet friction  
Friction, friction - my addiction  
Friction, friction - bring me fire  
Friction, friction - burning higher

I have an inborn addiction  
for things that are reversed  
'cause resistance and conflicts  
always ends up in discord and in friction

Friction, friction - bring me fire  
Friction, friction - burning higher

Juggernaut, molotov  
Panzerfaust, Glock, Kalashnikov  
AK4, civil wars  
Anywhere near contradictions  
there's friction
