

## Degradead "Pass Away"

Visit "[Pass Away](#)" on MotoLyrics.com

The throne that I have is threatened by demons  
They have arrived at my palace  
My life is being hunted  
Their eyes burn like fire  
It's burning my presence  
Enter the vicious circle  
This is my end

When I pass away, my ending's being born  
When I pass away,  
When I pass away

The throne is taken by the devil himself  
My palace's being burned  
Life on earth is at risk  
I fought him myself while you backed down  
I saw him from my eyes  
It's affecting my soul

When I pass away, my ending's being born  
When I pass away,  
When I pass away

Stand your post, possession gives in [x4]

When I pass away, my ending's being born  
When I pass away  
When I pass away
