Never felt insecure What's my disease? Forever blinds there more? Have I seen it all? Show me where the world is Feed me with all your lies Chaos rising, the anger lives Crushing the hard shell Guide is now or forever ache I've gone into lost worlds

Show me where the world is Feed me with all your lies Show me where the world is Feed me with all your lies I am reborn now Reborn

Down on my knees Show me the bloodstream of rage Help us, we are lost in different worlds between us

Show me where the world is Feed me with all your lies Show me where the world is Feed me with all your lies I am reborn now
