I wanna know  
Where did she go?  
I'm in a limbo, oh  
Where did she go? Oh, yeah

You left me Caribbean Blue  
I've got the sunshine but I haven't got you  
Left in my paradise gone wrong  
And one more sunset to face on my own

I drawn my sorrows in the garden of despair  
Trying to wash away the memories of you there  
I walk the beaches and I tell it to the moon  
But there's no salvation here, the morning comes too soon

You left me Caribbean Blue, oh yeah  
I've got the sunshine but I haven't got you, no  
Left in my paradise gone wrong, oh baby  
And one more sunset to face on my own

You gave me so much that I can't replace  
Now it's cold and lonely here in this summer place  
Scarred by the problems of an ego that's been burned  
So many lessons now that a fool must surely learn

You left me Caribbean Blue, oh, blue, blue, blue  
I've got the sunshine, but I haven't got you, no  
Left in my paradise gone wrong  
And one more sunset to face on my own

On my own  
A prisoner of the memories  
I can find, no  
On this tropical night

I watch the ocean and I search inside myself  
What did I do to make you run to someone else?  
It's funny how you want the things you haven't got  
I heard that time can heal but still the pain won't stop

You left me Caribbean Blue, oh yeah

I've got the sunshine but I haven't got you, no  
Left in my paradise gone wrong, yes you did  
And one more sunset to face on my own

You left me Caribbean Blue, oh blue  
I've got the sunshine but I haven't got you, no  
Left in my paradise gone wrong  
And one more sunset to face on my own

You left me Caribbean blue  
I've got the sunshine but I haven't got you  
Left in my paradise gone wrong  
And one more sunset to face on my own

You left me Caribbean Blue  
I've got the sunshine but I haven't got you  
Left in my paradise gone wrong  
And one more sunset to face on my own

You left me Caribbean Blue  
I've got the sunshine but I haven't got you
